may 20 and 21, 2009

The 8th FEA Student Conference [FEASC] will be held at the Faculty of Engineering and Architecture [FEA] at the American University of Beirut [AUB] on May 20 and 21, 2009. This year the conference will be dedicated to the inauguration of the 15th president of AUB, Dr. Peter F. Dorman. This annual conference provides a forum in which students can present their projects, research, and design. The program will feature five tracks and will include distinguished plenary presentations and technical sessions. A concurrent exhibition will highlight the work of FEA students including final year projects. Awards will be granted for outstanding contributions [papers, presentations, and posters]. The conference accepts paper submissions from students from other universities in Lebanon.

topics of interest

- Automatic Control
- Biomedical Engineering
- Computational Fluid Dynamics
- Modeling and Numerical Methods
- Robotics and Intelligent Systems
- Thermal and Fluid Sciences
- Computer Vision
- Heat Transfer
- Manufacturing
- Materials
- Mechanical Design
- Mechatronics

submissions

Prospective student authors are invited to submit paper abstracts by Friday March 13, 2009. The abstracts should not exceed 500 words and should clearly and concisely describe the work, its objectives and contributions. Abstracts should be the original work of students [individual or team work] and should be submitted online at the conference website. Authors of submitted abstracts will be invited to submit a full paper to be reviewed for oral presentation at the conference. Accepted papers will be published in the conference proceedings, which will be available in printed form and on the conference website. Check http://www.aub.edu.lb/fea/feasc for detailed information including the abstract format template, full paper format template, and online submission guidelines.
